

**B-27 NEURON SUPPLEMENT,
CON VITAMINA A, 50 × PRESENTACION 10M
SKU: DBK-PB180637**

General Information

Product Form	Liquid
Concentration	50 ×
pH	6.5-7.2
Dissolvent	Purified water
Storage	-5~-20°C
Shipping	Ice bag
Expiration date	24 months

Background

B-27 neuron supplement is serum-free and suitable for short-term or long-term cultivation of neural stem cells. This product can be used in conjunction with Neurobasal medium (Cat. No.: PM151223). This product contains vitamin A (retinol acetate) and can effectively prevent oxidative damage to neuronal cells during growth and metabolism.

Notes

1. This product is only used for scientific research or further research, not for diagnosis and treatment.
2. This product is sterilized by 0.1 μm filtration.
3. It is necessary to pay attention to the aseptic operation and avoid the pollution during the culture.
4. This product will produce turbidity after thawing, which is a normal phenomenon.
5. This product is 50 × concentrated solution and dilute it to the desired concentration before use.
